

ACBL New Member Fees

Regular ACBL membership fees are as follows:

The one-year membership fee for a new player is \$49.00

There are no longer two-year new member fees available.

The three-year membership fee for a new player is \$117.00

Unit 154 has always subsidized the first year fees for a new ACBL member, and although the rate has gone up from \$29 to \$49 in the last year, will continue to do so.

With the unit subsidizing the first year rate of \$49, a player need only pay \$68.00 and receive a three-year membership of \$117.00 per the following instructions

The player writes a check to ACBL for \$68.00, and you, then the manager of the club, Gary Chaney, mails the Unit 154 Secretary/Treasurer, their check along with their application which Gary has printed from the ACBL website. Then, Marci, in turn, will add a check for \$49.00 from the Unit, and send both checks and the application to ACBL.

If the player joins **directly through ACBL** on his/her own, the Unit **will not subsidize** the \$49.00 towards their \$117.00 three-year membership.

If a player **only wants to join for one year**, the Unit **will not subsidize** this \$49.00. The Unit will only subsidize the new player for a three-year membership through the Unit.
